These cars may be made in China, but they're a far cry from the "Made in China" stereotype. Think affordable luxury. The company will open two showrooms, one in Nicosia and ...

Japan, China, India and Southeast Asia news and expert analysis published by Nikkei, an award-winning independent provider of quality journalism.

The Chinese automobile market has made significant progress in the transition to electric vehicles (EVs) since the trend took hold a decade ago. Electrification and smart technologies have ...

The speed and scale of China's electric vehicle revolution has caught the world by surprise, and analysts say this trend shows no sign of slowing down.

Electric vehicles continue to drive much of this growth, making up roughly one-fifth of total new car sales, supported by national incentives and expanding charging networks across the region.

BYD has appointed Alpan Group, a member of Sfakianakis Group, as its official distributor in Cyprus, with operations expected to begin in the coming months.
