What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Is Aze a NEMA 3R rated outdoor enclosure?

Yes, AZE specializes in NEMA 3R, 4, 4X, IP55, and IP65 rated outdoor enclosures designed to protect your equipment in harsh environments. Our enclosures are built to withstand rain, dust, corrosion, and extreme temperatures, making them ideal for telecommunications, utilities, oil & gas, and industrial applications.

Is a NEMA 4X outdoor enclosure waterproof?

Both ratings indicate a waterproof and dust-tight enclosure that provides excellent protection against airborne particulates, adverse weather conditions, and repeated hose-downs. However, a NEMA 4X outdoor enclosure has an additional feature that a NEMA 4 outdoor enclosure lacks: protection from corrosion.

Are Aze enclosures weatherproof?

Explore AZE's premium NEMA-rated and weatherproof enclosures designed for telecom, industrial electrical, and energy storage applications. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment.
