How much does a circuit breaker replacement cost in Perth?

Web x electrician provides electrical services across Perth for residential homes and businesses. We strive to build long lasting relationships with all of our customers by prioritising their needs to achieve 100% satisfaction. Circuit breaker replacement costs range from \$115 to \$300.

How much does a circuit breaker cost?

The cost of the circuit breaker itself can range from \$15 for a basic single-pole breaker to over \$100 for a specialty breaker. Keep in mind that these prices can vary based on the brand and where you purchase the breaker. It's also worth noting that while it might be tempting to opt for the cheapest option, quality should not be compromised.

Are circuit breakers safe in Australia?

Yes, all our circuit breakers comply with Australian standards, including AS/NZS 3000:2018, ensuring they meet the necessary safety and performance requirements for electrical installations in Australia. Can I use these circuit breakers in a caravan or RV? Absolutely.

What types of circuit breakers are used in Australia?

C curve breakers are the most common type used in Australian installations. D-Curve Circuit Breakers: D-curve breakers are designed to handle high inrush currents and trip when the current reaches 10-20 times the rated current. They are often used for highly inductive loads, such as transformers or motors with significant startup current.
