The NextGen TranzVolt e-Hoist(TM) is a state-of-the-art tool used to lift solar panels (Solar Kit) and roofing supplies (Roofing Kit) to and from the roof quickly, easily and safely.

GEDA Solarlift is a reliable device on every construction site to transport and assemble solar panels and photovoltaic systems securely. The solarlift also comes with an extra post that supports the ladder ...

The Solmetric Module Lift is designed to safely and quickly transport a PV module to a roof. The device uses your existing fiberglass Werner or Louisville extension ladder.

This photovoltaic panel elevator is developed to address the challenges in lifting photovoltaic panels, glass, building materials, and other goods. It aims to offer a safe, efficient, and time-saving lifting ...

Powered by two standard DeWalt twenty-volt batteries or Milwaukee eighteen-volt rechargeable batteries, the system provides up to eight hours of continuous use while lifting loads up to two ...

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a space-saving way to reach inaccessible loading areas.

The TranzVolt is a battery powered, solar panel hoist, which allows for the vertical lift of modules to the rooftop. This is an excellent option for projects located in remote, off grid, or new construction areas ...

Fast and easy assembly solar lift for lifting solar panels in a safe and comfortable way. It also helps to avoid the possible crane rental costs or public way cuts.

The FUEL Solar Lift is a fully manual lift that is conveniently operated on a standard aluminum extension ladder. It takes less than 30 seconds to safely and easily lift solar panels and equipment to a two ...

The Fluke Module Lift(TM) is designed to safely and quickly transport a PV module to a roof, streamlining

Fully automatic photovoltaic panel lift

the installation process of solar panels. This innovative tool enables you to lift solar modules to the ...

Powered by two standard DeWalt twenty-volt batteries or Milwaukee eighteen-volt rechargeable batteries, the system provides up to eight ...
