Equipped with hydrogen mitigation per IEEE 1635. Safely enclose batteries, chargers, distribution & ancillary equipment with a modular design that easily expands to accommodate any configuration.

From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and safety standards.

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...

HBMS100 Energy storage Battery cabinet is a battery management system with cell series topology, which can realize the protection of over charge/discharge for the built-in battery cells, as well as the ...

The Wattainer Liquid-Cooled Series features high-performance, liquid-cooled batteries housed in modular cabinets. This advanced liquid-cooling thermal management system results in better battery ...

Featuring advanced temperature control, robust safety protocols, and a flexible modular design, it delivers reliable power storage with unmatched efficiency and ease of use.

The NEMA type outdoor lithium battery enclosure can effectively control the inner ideal temperature of the cabinet and make the battery run in an ideal temperature condition.

Discover our state-of-the-art lithium ion battery storage cabinets featuring advanced safety systems, intelligent battery management, and modular design for optimal energy storage solutions in industrial ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

High-Temperature Cabinet for Bridges

Modular

Battery

Equipped with proven lithium-ion nickel-manganese-cobalt (NMC) battery modules that are widely used in automotive industry, the Vertiv HPL delivers safe, reliable and efficient energy to your critical ...
