If something is high, it is a long way above the ground, above sea level, or above a person or thing. I looked down from the high window. The bridge was high, jacked up on wooden piers. The sun was ...

High definition: Far or farther from a reference point.

Agricultural - photovoltaic complementation involves installing solar panels above farmland, fish ponds, or livestock farms, enabling "dual use of one piece of land" - generating ...

It's two and a half metres high and one metre wide. The corn grew waist-high (= as high as a person's waist) in the fields. high The garden is surrounded by a high wall. tall Mount Everest is the world's ...

Recent research and technological advances, such as the lightweight photovoltaic modules developed by Fraunhofer Institute for Solar Energy Systems (ISE) and weather protection ...

Our study positions agricultural irrigation as a nature-integrated form of virtual energy storage, offering a pathway to enhance grid resilience and support low-carbon climate adaptation.

The PFIC30K55P30 is a compact all-in-one solar storage system integrating a 30kW power output, 55kWh energy storage capacity, and 30kWp high-efficiency foldable PV ...

High (adjective, informal): Intoxicated by drugs or alcohol. The word "high" is a versatile term with multiple meanings and applications, spanning physical elevation, emotional states, and ...

Solar shipping container powers irrigation and tools in off-grid farms. Ideal for remote agriculture needing clean, mobile energy.

High-efficiency smart photovoltaic energy storage container for agricultural irrigation in Belgium

Derived forms: highs, highest, higher.

BESS, paired with solar energy, offers a practical solution by storing excess solar power for use during peak demand periods. The result? Farmers benefit from more reliable energy, reduced ...

SCU provides a 1MWh containerized solar energy storage system for a European agricultural enterprise, boosting solar efficiency and peak shaving.

This paper reviews the use of semi-transparent PV technologies in AV systems, discussing major challenges such as reduced light availability, efficiency trade-offs and high costs.

Definition of high adjective in Oxford Advanced American Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.

high implies marked extension upward and is applied chiefly to things which rise from a base or foundation or are placed at a conspicuous height above a lower level.

This study explores the design and adaptation of a shipping container into a portable irrigation control station for agricultural operations. The project leverages the structural durability...
