Within our manufacturing facility, we specialize in the research and production of battery energy storage systems, offering OEM and ODM services alongside our standard product line.

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they provide 10-15 years of ...

Discover the 120kWh Micro-grid Air-cooled ESS -- a modular, all-in-one battery energy storage system for commercial and industrial applications. On-grid/off-grid support, smart monitoring, and certified safety.

Off grid standby power supply: when the power supply of the power grid is interrupted, provide uninterrupted short-term power supply for important loads to reduce the economic losses caused by sudden power failure ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality standards such as UL, ...

Imagine your hospital's power system as an overworked nurse holding three coffee cups: patient care (steaming hot), cost control (spill-proof lid), and sustainability (recyclable material).

Discover how battery energy storage ensures uninterrupted power for hospitals, protecting critical loads and enhancing energy resilience with FFDPOWER solutions.

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage system. The ...

Delong 120kWh energy storage cabinet is equipped with a battery, inverter, high-voltage box, air conditioner,

Hospital Energy Storage Cabinet 120kWh ODM

and fire protection system. The complete all-in-one design provides you with ultimate safety and convenience.

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote monitoring, intelligent ...
