Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

Which country produces the most solar panels in the world?

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

Who is the world's largest solar panel manufacturer?

With over 300 GW of solar modules sold to date, JinkoSolar has been the world's largest solar panel manufacturer for five consecutive years, thanks in part to its vertically integrated production capacity, spanning from wafers to modules. Following closely are LONGi Green Energy and JA Solar, ranked second and third respectively.

What are the key characteristics of global PV module manufacturers?

This report, drawing on the latest developments in the 2025 market, analyzes the key characteristics of the top 10 global PV module manufacturers across four dimensions: technological capability, vertical integration, international presence, and performance in the European market.

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help ...

Explore top industrial solar panel manufacturers, key supply chain centers in Hefei, Shenzhen, Changzhou, and essential certifications for quality.

Global Ranking of the Photovoltaic Industry How is the new European policy supporting net zero industries performing? Judging by the global ranking of the top 10 solar module ...

PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in ...

Why the Solar Industry Is Booming - And What It Means for You Solar energy adoption has skyrocketed by 48% globally since 2020, driven by government incentives and falling production costs. Whether ...

As the photovoltaic (PV) industry continues to evolve, advancements in Ranking of photovoltaic panel manufacturers in industrial parks have become critical to optimizing the utilization ...

With these two facts in mind, all that is left to be asked is: Which companies are the largest solar panel manufacturers in the world, and which company produces the best solar panels? Let's check out or ...

Global photovoltaic industry, 2024 ranking Who are the top 10 photovoltaic module producers in the world? Each year, Wood Mackenzie answers this question with an analysis of the ...

According to a research report published by Spherical Insights & Consulting, The Global Photovoltaics Market Size is projected to Grow from USD 558.57 Billion in 2024 to USD 1413.57 Billion by 2035, at ...

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood ...
