What is the biggest economic sector in Luxembourg?

The biggest and strongest economic sector of Luxembourg is, and highly likely will remain for a while, the financial sector, covering almost 27% of the country's GDP. It is not a surprise since Luxembourg is home to 136 banks including private banking, insurances and all kinds of investments.

Will Luxembourg's Economic Growth be stronger in 2026?

This trajectory of slightly stronger growth in 2026 in Luxembourg is based in particular on a gradual improvement in the performance of market sector activity, which could be weakened if the uncertainties relating to the international climate were to further destabilise the financial markets.

Will Luxembourg's residential real estate market grow in 2025?

Summary Luxembourg's residential real estate market is set up for growth in 2025, driven by population expansion, urban innovation, and a recovering transaction environment. While construction challenges and affordability remain, strategic planning and policy reforms offer pathways to sustainable development.
