-----  
What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.

Why should you choose Lista battery charging cabinets?

The battery charging cabinets from LISTA offer an attractively priced and very versatile option for storing and charging the batteries of smartphones, tablets, notebooks and many other devices.

Which accumulator batteries are included in the cabinets covered by the technical specification?

The cabinets covered by the technical specification have been designed to contain the hermetic lead-acid electric accumulator batteries.

What is a simple battery cabinet?

Simple battery cabinets are usually charging cabinets for lithium-ion batteries. These cabinet types are characterized by the fact that they have a charging option for rechargeable batteries / mobile devices. Depending on the battery cabinet and design, these are usually one or more 230V sockets and increasingly also USB charging sockets.
