For the latest updates and more information, visit our website: <https://www.sesona.co.za>

We offer comprehensive testing and certification solutions for photovoltaic (PV) modules and components. Through our in-depth expertise in the latest standards and state-of-the-art ...

Interested in PV test lab services? Connect with our experts today to learn how we can support the performance and reliability of your PV modules. Call us at 505-998-0100 or email us ...

The PV Mobile Laboratory provides support to PV plant owners and the tests carried out allow for a comprehensive monitoring of PV modules" quality conditions, being performed during the ...

We offer PV laboratory qualification according to ISO/IEC 17025, which comprises verification of scope and accreditations, testing structure and laboratory layout, operations and maintenance requirements.

Our PV reliability research and development provides companies with the information they need to improve PV product lifetime, availability, and performance and decrease the operation and ...

Depending on your place in the value chain, there are several types of testing for both photovoltaic (PV) panels and peripheral equipment. We can help you identify and complete the testing that makes ...

The goal of this guide is to reduce the cost and improve the effectiveness of operations and maintenance (O&M) for photovoltaic (PV) systems and combined PV and energy storage systems.

Conducting regular O&M ensures optimal performance of photovoltaic (PV) systems while minimizing the risks of soiling, micro-cracking, internal corrosion, and other problems. Below, you will find ...

URS Solar PV Modules Testing Labs ensure precise testing, quality assurance, and compliance for photovoltaic modules, meeting global standards and certifications.

Photovoltaic module laboratory operation support

For this reason, verification and inspection services in solar photovoltaic plants are essential to ensure the quality of the modules and check their performance. This is especially relevant during the ...
