Smith & Loveless offers a complete line of scalable, containerized and packaged wastewater treatment and pumping systems, ideal for a variety of applications. With 65+ years experience and installations ...

Our intelligent containerised waste water treatment plants offer a fast and effective above ground portable waste water treatment system solution for any sites, without the need for any existing ...

Our modular units offer complete, mobile solutions for efficient urban wastewater treatment. Based on the activated sludge process, these containers guarantee wastewater purification in compliance with ...

Coremax technology created a custom energy storage system that could be used for demand charge management and facilitate the seamless transition from the utility grid to the diesel gensets. To ...

8. KLARO container. Applications KLARO container. one was developed as a temporary solution but can also be used as a permanent sewage treatment plant.

A high-capacity, 2 megawatt-hour battery energy storage system integrated into a standard 40ft container. Designed for large-scale renewable integration, peak shaving, and grid stabilization, ...

The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily transportable by land ...

Are wastewater treatment plants a sustainable transformation of MWT practices? This study provides valuable guidance for future energy optimization and the sustainable transformation of MWT practices.

A containerised portable waste water treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary. In addition to that, the systems are modular so that they ...
