For the latest updates and more information, visit our website: <https://www.sesona.co.za>

We specialize in large-scale energy storage systems, mobile power stations, distributed generation, microgrids, containerized energy storage, photovoltaic projects, photovoltaic products, solar industry ...

ESB has opened a major battery plant at its Poolbeg site in Dublin which will add 75MW (150MWh) of fast-acting energy storage to help provide grid stability and deliver more renewables on Ireland's ...

Operational since November, the battery plant is capable of providing 75 MW of energy for two hours to Ireland's electricity system. It features high-capacity batteries that store excess...

In a bid to support Irish grid stability, Electricity Supply Board (ESB) has opened a major battery plant at its Poolbeg site in Dublin, which will add 75MW/150MWh of fast-acting energy storage.

We are committed to integrating energy storage solutions into our renewable energy developments. We are working with new storage and transport technologies based on hydrogen and hydrogen ...

We currently have more than 300MWs of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We plan to develop a pipeline of large scale battery ...

Ireland is an excellent starting point for RWE as we look to expand and grow our battery storage technology business and become a key partner in Ireland's low carbon energy transition.

It is located at Poolbeg Energy Hub, where ESB - around 95% owned by the Irish state with the remaining stake held by its employees - is planning to deploy a combination of clean energy ...

Find new projects across energy, infrastructure, construction, and emerging sectors in one place. Ireland takes a leap towards clean energy with its largest battery storage facility. Explore the ...
