Watch how Eco Green Energy is transforming Uzbekistan's rooftops with our Atlas 550W solar panels! ?? This 120kW project is a big step towards a greener future.

This installation was completed by our excellent partners in Uzbekistan, Solarway-T, using Eco Green Energy Atlas series 550W gallium-doped high-efficiency Mono PV modules.

As of December 1, 2025, Uzbekistan has installed small-power solar panels with a total capacity of 1,971 MW across 141,221 facilities nationwide, marking a step in the country's transition to renewable ...

As Uzbekistan's solar sector grows faster than spring crops in the Fergana Valley, 550W panels offer the perfect balance of power density and cost-efficiency. Whether you're powering a vineyard or vehicle ...

Uzbekistan has made a positive effort toward that end, including by setting clear targets and reforming the energy sector and has been progressing toward achieving the solar power capacity target of 4 ...

Since May 1 2023, newly commissioned multi-story buildings in Uzbekistan are already required to have solar panels installed on at least 50% of their available rooftop space. Shavkat ...

GSPV was founded in the year of 2007 and specializes in manufacturing Solar Panel PV Modules, Solar Photovoltaic Power System, Solar Charge Controller, Solar Lights, Solar Inverter and LED lights.

Check out our latest project featuring the installation of Atlas 550W Series solar panels in a 120kW on-grid system in Uzbekistan. This project highlights ou...

Discover how Eco Green Energy is lighting up the future, one solar panel at a time. Check out our video to see these powerful panels in action on the rooftops of Uzbekistan!
