I didn't get any feedback from JetPhotos (except "poor quality"), so I'd love to get your guys opinion and some constructive criticism. Especially since I feel like my shots meet the official criteria and can ...

The project combines fishery and PV power generation, using water resources under the photovoltaic panels to cultivate aquatic products to realise "power generation on top and breeding below".

How do I upload this to jet photos? I've been trying but I keep getting validation failed *make sure the file is in jpeg format *make sure the file is not larger than 10mb Both are within the ...

Why is my "maximum approved image width" on jetphotos 1280 pixels? Shrinking my images will make the quality worse, and from what I've tried I can't get my images to fit into the ...

This document provides information and tips for new screeners at JetPhotos, including: 1) An overview of the screening tools and options available for reviewing photos in the queue.

Quite often, people have been encountering issues with JetPhotos, but the most common issue regards the dimensions for starters. In this video, I cover how to upload the picture as soon as it has...

From what I learned from other Jetphotos posts you cannot have a watermark as it results in auto rejection but other than that I don't know as mods are very very picky

Glass supply to the PV industry is more concentrated than any other manufacturing, equipment or materials segment. Indeed, just two companies (Xinyi and Flat Glass) have a market share of more ...

JetPhotos is the biggest database of aviation photographs with over 6 million screened photos online!

Company profile for solar Ultra Clear Patterned Glass, AR Coated Glass manufacturer Xinyi Solar Holdings

Xinyi Photovoltaic Panels

Limited - showing the company's contact details and products manufactured.

JetPhotos lets you share your best photos with millions of aviation enthusiasts.

High resolution images show more flaws than low resolution images. We therefore advise everyone to upload images at 1024 pixels wide. Uploading higher resolutions (with a maximum of ...

Hi, I would like to post a picture of an airplane I took on jetphotos , but that website only allows me to upload pictures no wider than 1280 pixels and requires a minimum file size of 250 kB.

Photovoltaic glass shields solar cells from wind and rain. Xinyi Solar is the world's leading photovoltaic glass manufacturer and listed on the main board of the Hong Kong Stock Exchange on 12 December ...

Xinyi Solar is one of the world's largest makers of glass used in the construction of solar panels, and also specialises in the development and construction of solar energy farms. The company...

Xinyi Solar Holdings Limited (SEHK: 968) was formed in 2008 in Dongguan when Xinyi Glass split off its solar photovoltaic glass development, manufacturing, sale, and customer service. [2][3] It is the ...
