Mailo Solar PV Power Plant located in Mailo Chiefdom in Serenje District has attained a significant milestone by injecting 25 Megawatts (MW) of solar energy into the Zambian electricity grid.

Zambia is actively pursuing a goal to deploy 1 GW of utility-scale solar power, with more than ten projects in development, as reported by the Ministry of Energy.

In a major push towards renewable energy, the country has unveiled the Presidential Constituency Energy Initiative (PCEI), a plan to deploy distributed solar power and battery storage ...

Our company is an end-to-end, customer oriented alternative energy company that is centered on marketing, trading, transportation, and distribution of solar panels in the Zambia and around the world...

The solar projects will be developed across three districts, with Mumbwa, Siavonga, and Chirundu strategically selected for their solar potential and accessibility to the national grid.

The Chisamba Solar Power Plant is a 100 megawatt (MW) grid-connected photovoltaic (PV) solar power station in Chisamba District, Central Province, Zambia. Commissioned in June 2025, the project ...

Zambia inaugurated a 20 MW solar photovoltaic plant in Lusaka to diversify its power mix amid climate-driven hydropower constraints. Kiyona Energy, a ZESCO subsidiary, developed the ...

Zambia now wants to add on to this in a very clever way by introducing more distributed solar plants.

Zambia is taking a major step to enhance electricity supply by planning distributed solar and battery storage systems across the country.

Grid Africa, a regional provider of energy solutions, and TCL Solar, a photovoltaic technology specialist, have announced an alliance to deploy distributed solar systems coupled with battery storage in ...
